Questions to Discuss as a Team

1. What would have happened if your team had spent Sprints 1-4 building airplanes, and left all the testing until Sprint 5?

2. Who was in charge on deciding the target in Sprints 1, 2, 3, and 5? Did those Sprints seem different than Sprint 4?

3. Who was in charge of deciding which team-member should do which tasks during the Sprint?

4. Who was responsible for making sure the team met its commitment at the end of each Sprint?

5. Did you feel motivated during the Sprints? If yes, why do you think you felt motivated? List all the things that were motivating you, as an individual, and as a team.
